

Guiding Questions

Questions as Refrain

Math

- What do you see, notice, or wonder about?
- What (numbers, combinations, patterns, shapes, other math concept) do you see?
- How might you use the illustrations to show your thinking?

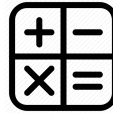

Literacy

- What do you think will happen in this story, and why do you think so?
- What will happen next? How do you know?
- What connections can you make between this story and another story or something else you know?
