

*“Recognize and embrace your uniqueness...Being a Black woman, being a woman in general, on a team of all men, means that you are going to have a unique voice. It’s important to embrace that and use your power.”*

#ShelsSTEM

Tiah Thompson is an Associate Director for Accenture's Technology Consulting business. Working with teams across the globe, Tiah helps companies transform the way they do business by using new IT frameworks, processes, tools, operating models, and business models.

**FUN FACT:** Tiah is an avid motorcyclist. She finds peace in her rides and enjoys taking full power of the road ahead!
