

# VETERINARY PHARMACOLOGIST

**Dr. Katrina Mealey**  
**Washington State University**

*“I am the product of public and state schools.”*

**#ShelsSTEM**

Dr. Katrina Mealey is a veterinary pharmacologist and a Regents Professor at Washington State University College of Veterinary Medicine. She monitors genetic changes in dog and cat breeds to ensure our pets stay healthy.

Dr. Mealey was inspired to pursue STEM by her mother, who was one the first Hispanic women to earn a degree in math from New Mexico State University.
